

## Betacellulin, bovine recombinant (rbBTC)

**Catalog No:** 87387  
**Lot No:** XXXXX  
**Source:** *E. coli*  
**Synonyms:** Betacellulin, Probetacellulin

### Background

Btc is a potent mitogen for retinal pigment epithelial cells and vascular smooth muscle cells. The effects of betacellulin are probably mediated by the egf receptor and other related receptors.

### Description

Betacellulin bovine recombinant produced in *E. coli* is a single, non-glycosylated, polypeptide chain containing 80 amino acids and having a molecular mass of 9003 Dalton. Betacellulin bovine recombinant is purified by proprietary chromatographic techniques.

### Physical Appearance

Sterile filtered white lyophilized (freeze-dried) powder.

### Formulation

Betacellulin bovine recombinant was lyophilized after extensive dialysis against 50 mM acetic acid.

### Solubility

It is recommended to reconstitute the lyophilized BTC in sterile 18 M $\Omega$ -cm H<sub>2</sub>O not less than 100  $\mu$ g/ml, which can then be further diluted to other aqueous solutions.

### Stability

Lyophilized Betacellulin, although stable at room temperature for 3 weeks, should be stored desiccated below -18°C. Upon reconstitution BTC Bovine should be stored at 4°C between 2-7 days and for future use below -18°C. For long term storage it is recommended to add a carrier protein (0.1% HSA or BSA). Please prevent freeze-thaw cycles.

### Purity

Greater than 95.0% as determined by (a) Analysis by RP-HPLC, (b) Analysis by SDS-PAGE.

### Amino Acid Sequence

The sequence of the first five N-terminal amino acids was determined and was found to be Asp-Gly-Asn-Ser-Thr.

### Activity

The ED<sub>50</sub>, calculated by the dose-dependent proliferation of murine BALB/C 3T3 cells (measured by 3H-thymidine uptake) is <10.0 ng/ml, corresponding to a specific activity 100,000 units/mg.

### Usage

**This product is offered by Biomol for research purposes only. Not for diagnostic purposes or human use. It may not be resold or used to manufacture commercial products without written approval of Biomol GmbH.**
