

PIGEON SERUM (sterile) - D112-00
Code: D112-00

Size: 10 mL

Product Description: PIGEON SERUM (sterile) - D112-00

Concentration: 59 mg/ml by Refractometry

PhysicalState: Liquid (sterile filtered)

Label	Unconjugated
Buffer	None
Stabilizer	None
Preservative	None
Storage Condition	Store container at -20° C prior to opening. Avoid cycles of freezing and thawing. Use aseptic technique to maintain sterility when opening product.
Synonyms	Pigeon serum for cell culture, cell culture grade pigeon serum, sterile serum from pigeon.
Application Note	pH: normalImmuno-electrophoresis: normalHemoglobin: normalIgG Concentration: normal
Background	Pigeon Serum is used as a supplement to cell culture media. Pigeon Serum is also suitable for use as a component of bioassays, immunoassays or enzyme assays. Pigeon Serum provides a broad spectrum of macromolecules, carrier proteins for lipoid substances and trace elements, attachment and spreading factors, low molecular weight nutrients, and hormones and growth factors that promote cell growth and health. Be certain to maintain Good Cell Culture Practice, and maintain sterility of cultures that require media supplementation. Pigeon Serum is ideal for investigators in Cancer, Immunology, and Cell Biology research.
Assay Dilutions	User Optimized
Other Assays	User Optimized
Expiration	Expiration date is one (1) year from date of opening.
Sex	Mixed
Strain	Pigeon - Mixed
Sterilization	This product was aseptically filtered through a Millipore 0.22 micron filter into clean, pre-sterilized containers. The product was tested on trypticase soy agar for 24 hours, 48 hours and 72 hours and was found to be negative for bacteria.
