## 25 YEARS OF EXPERTISE

With over 25 years experience and extensive expertise we are committed to providing excellence in Monoclonal Antibody and Immunoassay development.

The expanding range of Diacclone Immunology products is specifically designed to advance research applications.

Our experience and expertise coupled to the diversity of our product range makes Diacclone a clear choice to

## Fast Track Your Research...

**KIT CONTENT :** Capture and detection antibodies, Alkaline phosphatase conjugate, BSA, BCIP/NBT ready-to-use substrate buffer. Kit can be sold with or without plates.  
**To receive kit plus non-sterile plates (MSIPN), please add 'P' at the end of the Cat N°.**  
**To receive kit plus sterile plates (MSIPS), please add 'S' at the end of the Cat N°.**
