

Product Information

Product ID C0351

CAS No. 53716-49-7

Chemical Name 6-Chloro- α -methyl-9H-carbazole-2-acetic acid

Synonym Imadyl, Rimadyl

Formula C₁₅H₁₂ClNO₂

Formula Wt. 273.71

Melting Point 197-198 °C

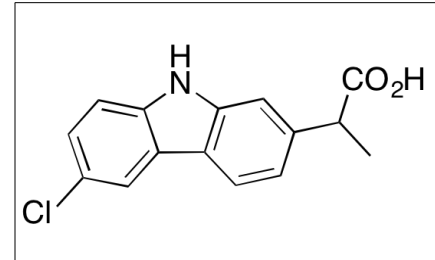

Purity ≥98%

Solubility Soluble in ethanol. Insoluble in water.

Store Temp Ambient

Ship Temp Ambient

Description Carprofen is a non-steroidal anti-inflammatory drug (NSAID) that is used in veterinary medicine. Carprofen selectively inhibits COX2.

Bulk quantities available upon request

Product ID	Size
C0351	1 g
