

Product Information

Product ID T698579
CAS No. 750590-18-2
Chemical Name 3-Oxo-8,9-dithiabicyclo[5.2.0]nona-1,4,6-triene-2-carboxylic acid

Synonym TDA

Formula C₈H₄O₃S₂
Formula Wt. 212.24

Melting Point

Purity ≥99%

Solubility Soluble in polar organic solvents, such as DMSO, Methanol, Acetone

Store Temp -20° C

Ship Temp Ambient

Description Tropodithietic acid is an antibiotic produced by various marine proteobacteria. Tropodithietic acid has been found to have the same activity as endogenous N-acyl-homoserine lactones and can trigger quorum-sensing in marine bacterium. Furthermore, it has been shown that long-term exposure to tropodithietic acid does not result in antibacterial resistant or tolerant strains. In addition, screening of the NCI-60 human tumor cell lines showed tropodithietic acid to have strong growth-inhibitory anticancer activity.

Bulk quantities available upon request

Product ID	Size
T698579	1 mg
T698579	5 mg
