

**AGAROSE BIOTECHNOLOGY GRADE - MB-131-0025****Code:** MB-131-0025**Size:** 25 g**Product Description:** AGAROSE BIOTECHNOLOGY GRADE - MB-131-0025**PhysicalState:** Powder**Synonyms** Easy to handle agarose, easy-to-handle agarose gels, biotechnology grade agarose**Background** Agarose biotechnology grade is a all-purpose, high purity standard melting agarose. This agarose is ideal for routine analysis of nucleic acids by gel electrophoresis and blotting with exceptional band resolution & clarity . The Agarose is nuclease and protease free. Thanks to the low EEO the DNA will high mobility, increasing resolution. This Agarose is further recommended for protein gel electrophoresis. Excellent for blotting techniques and general manipulations.**Expiration** No expiration date is given for this product if properly stored.**Related Products**
