

# TRAF3IP3, NT (TRAF3IP3, T3JAM, TRAF3-interacting JNK-activating modulator, TRAF3-interacting protein 3) (Biotin)

## Catalog number

043185-Biotin

## Supplier

United States Biological

The gene encodes a protein that mediates cell growth by modulating the c-Jun N-terminal kinase signal transduction pathway. The encoded protein may also interact with a large multiprotein assembly containing the phosphatase 2A catalytic subunit. [provided by RefSeq].

## Applications

Suitable for use in Western Blot, ELISA

## Recommended Dilution

ELISA: 1:1,000

Western Blot: 1:100-500

## Storage and Stability

Store product at 4°C if to be used immediately within two weeks. For long-term storage, aliquot to avoid repeated freezing and thawing and store at -20°C. Aliquots are stable at -20°C for 12 months after receipt. Dilute required amount only prior to immediate use. Further dilutions can be made in assay buffer. For maximum recovery of product, centrifuge the original vial after thawing and prior to removing the cap.

## Note

Applications are based on unconjugated antibody.

## Immunogen

TRAF3IP3 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 52-79 amino acids from the N-terminal region of human TRAF3IP3.

## Formulation

Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Biotin.

## Purity

Purified by Protein A affinity chromatography.

## Specificity

Human

## Product Type

Pab

## Source

human

**Isotype**

IgG

**Grade**

Affinity Purified

**Applications**

E WB

**Crossreactivity**

Hu

**Storage**

-20°C

**Detection Method**

Biotin
