

ELISA Kit Catalog

Fortis Life Sciences® ELISA kits are made against bovine, chicken, dog, goat, human, mouse, pig, rabbit, or rat serum proteins. Every ELISA kit provides a complete set of reagents. Components include a pre-coated 96-well strip plate, standard, detection antibody, sample dilution buffer, HRP solution, TMB substrate, stop solution, 20X wash buffer, sealing tape, and detailed instructions.

Bovine	Bovine Albumin	E11-113	Mouse	Mouse Albumin	E99-134
	Bovine alpha-Lactalbumin	E11-128		Mouse IgA	E99-103
	Bovine beta-Lactoglobulin	E11-125		Mouse IgE	E99-115
	Bovine IgA	E11-131		Mouse IgG	E99-131
	Bovine IgG	E11-118		Mouse IgG1	E99-105
	Bovine IgG1	E11-116		Mouse IgG2a	E99-107
	Bovine IgG2	E11-117		Mouse IgG2b	E99-109
	Bovine IgM	E11-101		Mouse IgG2c	E99-136
	Bovine Lactoferrin	E11-126		Mouse IgG3	E99-111
Chicken	Chicken IgA	E33-103	Mouse IgM	E99-101	
	Chicken IgG	E33-104	Mouse Transferrin	E99-129	
	Chicken IgM	E33-102	Pig	Pig IgA	E101-102
Dog	Dog IgA	E44-104		Pig IgG	E101-104
	Dog IgG	E44-128		Pig IgM	E101-117
Goat	Goat IgG	E55-104	Rabbit	Rabbit IgG	E121-111
	Human	Human Albumin	E88-129	Rat	Rat Albumin
Human Alpha-1-Antitrypsin		E88-122	Rat IgA		E111-102
Human Hemoglobin		E88-134	Rat IgG		E111-128
Human Hemoglobin F		E80-136	Rat IgM		E111-100
Human IgA		E88-102	Infectious Disease	SARS-CoV-2 IgG	E88-301
Human IgE		E88-108		SARS-CoV-2 IgM	E88-302
Human IgG		E88-104			
Human IgM		E88-100			
Human Kappa		E88-115			
Human Lactoferrin		E88-143			
Human Lambda		E88-116			
Human Transferrin		E88-128
