# ADVANCING VETERINARY SCIENCE & ANIMAL HEALTH

At Fortis Life Sciences, we support animal health professionals, from lab researchers to clinical experts, with antibody solutions backed by the proven expertise of our Bethyl™ and Arista™ brands. With complete supply chain control, from our farms to your bench, we offer one of the broadest species portfolios in the industry.

Our comprehensive product line delivers the confidence, consistency, and performance that veterinary science relies on. With over 345 livestock-specific products, 68 for companion animals, and 29 for exotic species, our offerings empower veterinary diagnostics, accelerate research, and drive therapeutic innovation. Serving researchers, diagnostic labs, and veterinary professionals, we equip you with data that you can depend on and diagnostics that deliver.

## WHY ANIMAL HEALTH PROFESSIONALS TRUST US

### **Species-Specific Engineering:**

Tailored veterinary and animal health antibody solutions for optimal compatibility across livestock, companion animals, and exotic species.

### **Made in the USA:**

Domestic manufacturing for stable pricing, reliable availability and freedom from global supply chain disruptions.

### **End-to-End Control:**

From farm to bench, our fully integrated antibody supply chain ensures consistency, scalability, and reliability.

# CUSTOM ANTIBODY SERVICES

Can't find what you need off the shelf? Whether you need support developing a novel antibody, ordering bulk antibodies, or conjugating your specific antibody, we are ready to help. We specialize in custom antibodies and VHH Discovery and Manufacturing to support your scientific goals your way.
