

SECTION 1 CHEMICAL IDENTIFICATION
CAT NO: 233790

PRODUCT NAME: 5-(PENTAFLUOROBENZOYLAMINO)FLUORESCIEIN (PFB-F)

ALTERNATE NAME: PFB-F; 2,3,4,5,6-PENTAFLUORO-N-(3,3',6'-TRIHYDROXYSPIRO[3H-2-BENZOFURAN-1,9'-XANTHENE]-5-YL)BENZAMIDE

**MANUFACTURER/
SUPPLIER:** **UNITED STATES BIOLOGICAL**
 4 Technology Way
 Salem, MA 01970
 Tel: 800-520-3011 Fax: 978-594-8052

APPLICATION
CREATION DATE 7/31/2020
REVISION DATE
CAS NO: 209540-56-7
MOLECULAR WEIGHT: 541.39
MOLECULAR FORMULA: C₂₇H₁₄F₅NO₆
ATTENTION

THIS PRODUCT IS COMPOSED OF CHEMICAL PRODUCT IN POWDER FORM. PER SECTION 1910.1200(d) OF TITLE 29 CFR, HAZARDOUS INGREDIENTS AT LESS THAN 1% AND CARCINOGENS AT LESS THAN 0.1% ARE CONSIDERED NON-HAZARDOUS.

SECTION 2. HAZARDS IDENTIFICATION

OSHA Hazards: No known OSHA Hazards

Not a dangerous substance of mixture according to the Globally Harmonised System (GHS).

Emergency Overview:

This product contains no substances which at their given concentration, are considered to be hazardous to health.

HMIS RATING

HEALTH: 0

FLAMMABILITY: 0

REACTIVITY: 0

NFPA RATING

HEALTH RATING: 0

FLAMMABILITY: 0

REACTIVITY: 0

Potential Health Effects:

May be harmful if inhaled. May cause respiratory tract irritation.

May be harmful if absorbed through skin. May cause skin irritation.

May cause eye irritation.

May be harmful if swallowed.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

SUBSTANCE	CAS#	EC#	PERCENT
5-(Pentafluorobenzoylamino)fluorescein	209540-56-7	-	≥95%

Synonyms:

Pfb-F; 2,3,4,5,6-pentafluoro-N-(3,3',6'-trihydroxySpiro[3H-2-benzofuran-1,9'-xanthene]-5-yl)benzamide

This product contains no substances which at their given concentration/amount, are considered to be hazardous to health.

SECTION 4. FIRST-AID MEASURES

If swallowed, wash out mouth with water provided person is conscious. Call a physician. In case of skin contact, flush with copious amounts of soap and water for at least 15 minutes. Remove contaminated clothing and shoes. Call a physician. If inhaled, remove to

fresh air. If breathing becomes difficult, trained personnel should administer oxygen. Call a physician. In case of contact with eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Call a physician.

SECTION 5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media: Water spray, Dry Chemical powder or appropriate foam.

In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Body Precautions: Wear respirator, rubber gloves, rubber boots and chemical safety goggles.

Environmental Precautions: Contain the spill to the smallest area possible.

Cleaning Measures: Sweep up, place in a bag and hold for waste disposal. Avoid raising dust. Ventilate area and wash spill site after material pick-up is complete. Dispose of all contaminated trash in accordance with local, state and federal regulations.

SECTION 7. HANDLING AND STORAGE

Keep in a tightly closed container, stored in a cool, dry, ventilated area. Protect against physical damage and moisture. Separate from incompatibilities. Containers of this material may be hazardous when empty since they retain product residues (dust, solids); observe all warnings and precautions listed for the product.

Storage: Store at 4°C.

SECTION 8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Airborne Exposure Limits: None established.

Ventilation System: A system of local and/or general exhaust is recommended to keep employee exposures as low as possible. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at its source, preventing dispersion of it into the general work area. Please refer to the ACGIH document, Industrial Ventilation, A Manual of Recommended Practices, most recent edition, for details.

Personal Respirators (NIOSH Approved): For conditions of use where exposure to dust or mist is apparent and engineering controls are not feasible, a particulate respirator (NIOSH type N95 or better filters) may be worn. If oil particles (e.g. lubricants, cutting fluids, glycerine, etc.) are present, use a NIOSH type R or P filter. For emergencies or instances where the exposure levels are not known, use a full-face positive-pressure, air-supplied respirator. WARNING: Air-purifying respirators do not protect workers in oxygen-deficient atmospheres.

Skin Protection: Wear protective gloves and clean body-covering clothing.

Eye Protection: Use chemical safety goggles and/or full face shield where dusting or splashing of solutions is possible. Maintain eye wash fountain and quick-drench facilities in work area.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Form: Supplied as a powder

SECTION 10. STABILITY AND REACTIVITY

Stability: Stable under ordinary conditions of use and storage.

Hazardous Decomposition Products under fire conditions: Carbon and nitrogen oxides.

Hazardous Polymerization: Will not occur.

Incompatibilities: Oxidizing agents.

SECTION 11. TOXICOLOGICAL INFORMATION

If swallowed, wash out mouth with water provided person is conscious. Call a physician. In case of skin contact, flush with copious amounts of soap and water for at least 15 minutes. Remove contaminated clothing and shoes. Call a physician. If inhaled, remove to fresh air. If breathing becomes difficult, trained personnel should administer oxygen. Call a physician. In case of contact with eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Call a physician.

SECTION 12. ECOLOGICAL INFORMATION

No data available

SECTION 13. DISPOSAL CONSIDERATIONS

Whatever cannot be saved for recovery or recycling should be managed in an appropriate and approved waste disposal facility. Processing, use or contamination of this product may change the waste management options. State and local disposal regulations may differ from federal disposal regulations. Dispose of container and unused contents in accordance with federal, state and local requirements.

SECTION 14. TRANSPORT INFORMATION

DOT(US): Not regulated for transport

IMDG: Not regulated for transport

IATA: Not regulated for transport

SECTION 15. REGULATORY INFORMATION

US CLASSIFICATION AND LABEL TEXT

No known OSHA hazards.

UNITED STATES REGULATORY INFORMATION

SARA LISTED: No

CANADA REGULATORY INFORMATION

WHMIS Classification: This product has been classified in accordance with the hazard criteria of the CPR, and the MSDS contains all the information required by the CPR.

DSL: No

NDSL: No

EUROPEAN UNION INFORMATION:

The product does not need to be labelled in accordance with EC directives.

SARA 302 Components

SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313 Components

SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

SARA 311/312 Hazards

Acute health, chronic health hazard

Massachusetts Right To Know Components:

No components are subject to the Massachusetts Right to Know Act.

Pennsylvania Right To Know Components:

	CAS-No.	Revision Date
5-(Pentafluorobenzoylamino)fluorescein (Pfb-F)	209540-56-7	

New Jersey Right To Know Components:

	CAS-No.	Revision Date
5-(Pentafluorobenzoylamino)fluorescein (Pfb-F)	209540-56-7	

California Prop. 65 Components:

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

SECTION 16. OTHER INFORMATION

Recommended Use: For research use only. Not for use on or in humans and animals. Consider all materials as potentially infectious and use only approved FDA and NIH guidelines for the proper handling and disposal of infectious material. Only authorized and trained personnel should handle this reagent.

DISCLAIMER: UNITED STATES BIOLOGICAL PROVIDES THE INFORMATION CONTAINED HEREIN IN GOOD FAITH BUT MAKES NO REPRESENTATION AS TO ITS COMPREHENSIVENESS OR ACCURACY. THIS DOCUMENT IS INTENDED ONLY AS A GUIDE TO THE APPROPRIATE PRECAUTIONARY HANDLING OF THE MATERIAL BY A PROPERLY TRAINED PERSON USING THIS PRODUCT.

INDIVIDUALS RECEIVING THE INFORMATION MUST EXERCISE THEIR INDEPENDENT JUDGMENT IN DETERMINING ITS APPROPRIATENESS FOR A PARTICULAR PURPOSE.
