

SAFETY DATA SHEET (SDS) according to Regulation (EC) No. 830/2015 amending 1907/2006

| Sectio | n 1: Ident | ification of the substance/mixture and of the | ne company/undertaking |
|--------------|---|--|---|
| 1.1 | Product identifier: | | HRP Goat anti-Human IgG Fc |
| 1.1a | Other me | eans of identification: | |
| 1.1b | | Alternative product name(s)/ synonyms: | Goat anti-Human IgG Fc, HRP Conjugated Antibody, AffiPure; Gt-HRP anti Hu IgG (Fc); HRP Goat anti-Human IgG Fc |
| 1.1c | | Product number/Catalog #(s): | 6291 |
| 1.1d | | Internal identification: | HRP Goat anti-Human IgG Fc |
| 1.2 | | identified uses of the substance or mixture advised against: | For research use only. Not for use in diagnostic procedures. |
| 1.2a | Brief description of what the substance or mixture is intended to do: | | HRP-conjugated secondary antibody suitable for blotting, ELISA, and histology applications. |
| 1.3 | Details of | f the supplier of the SDS: | |
| 1.3a | | Name: | ImmunoChemistry Technologies, LLC (ICT) |
| 1.3b | | Address: | 9401 James Avenue South, Suite 155 |
| 1.3c | | City, State, Zip, Country | Bloomington, MN 55431-2500 USA |
| 1.3d | | Phone number: | 1-800-829-3194 and 952-888-8788 |
| 1.3e | | Fax number: | 952-888-8988 |
| 1.3f | | Website: | www.immunochemistry.com |
| 1.3g | | Email: | help@immunochemistry.com |
| 1.3h | | Contact person at ICT: | Quality Documentation Department |
| 1.4 | Emergency telephone number: | | ICT: 1-800-829-3194 (USA & Canada) or 952-888-8788 world wide; ICT hours are 9 am-5 pm central time USA, Monday through Friday (excluding holidays). Chemtrec 24-hour access within USA and Canada: 1-800-424-9300 or +1 703-527-3887. Collect calls accepted. |
| Sectio | | rds identification | |
| 2.1 | Classifica | ation of the substance or mixture: | |
| 2.1a 2.1b | Product is a: Classification according to (EC) No. 1272/2008 {CLP}: | | Mixture. Skin Sens. 1, H317 May cause an allergic skin reaction. Aquatic Chronic 3, H412 Harmful to aquatic life with long lasting effects. |
| 2.1c | The most important adverse physiochemical, human health, and environmental effects: | | Refer to Sections 9-12. |
| 2.2 2.2a | Label elements: GHS label elements, including precautionary statements: | | • |
| 2.2b | | Contains: | ≤0.0085% of reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1). |
| 2.2c | Labeling | in accordance with (EC) No. 1272/2008: | |
| 2.2d | Hazard F | Pictograms (Hazard Symbols): | 1 |
| 2.2e | Signal word: | | GHS07 Exclamation. Warning |
| 2.2f | Signal word: Hazard statements: | | H317 May cause an allergic skin reaction. H412 Harmful to aquatic life with long lasting effects. |
| 2.2g | Precautionary statements: | | P261 Avoid breathing mist, vapors, or spray. P273 Avoid release to the environment. P280 Wear protective gloves, protective clothing, eye protection, and face protection. P302+P352 If on skin: Wash with plenty of soap and water. P333+P313 If skin irritation or rash occurs: Get medical attention. P501 Dispose of contents and container in accordance with all local, regional, national and international regulations. |
| 2.2h | Supplementary precaution statements: | | P272 Contaminated work clothing should not be allowed out of the |
| 2.211 | | | workplace. P363 Wash contaminated clothing before reuse. |

| 4.3a | Notes to physician/first resp | onder: | | tically. Refer to Sections 5-8 for advice on personal | |
| | | | protective equipm | ment. | |
| Sectio | n 5: Firefighting measures | | | | |
| 5.1 | Extinguishing media: | | | | |
| 5.1a | Suitable extinguishing med | dia: | | ot flammable. Use fire-extinguishing media | |
| | | | | urrounding materials. | |
| 5.1b | Unsuitable extinguishing m | | None known. | liquid and is not flammable. Draduct is not suplactive | |
| 5.2 | Special hazards arising from mixture: | in the substance of | | liquid and is not flammable. Product is not explosive. | |
| <u> </u> | mixture: No dangerous reactions known under normal conditions of use. | | | | |

HRP Goat anti-Human IgG Fc SDS; Doc: #F17-6291-3-B; Effective: 08/12/2020; Supersedes: F17-6291-3-A; Page 3 of 7 5.2a Hazardous combustion products: In case of fire, toxic gases may be formed of carbon monoxide (CO), carbon dioxide (CO₂; COx), and nitrous gases (NOx). None under normal conditions. 5.2b Unusual fire & explosion hazards: No unusual fire or explosion hazards noted. 5.2c Protective measures in fire: Use protective equipment appropriate for surrounding materials. Advice for firefighters: 5.3 Use water spray or fog for cooling exposed containers. Exercise 5.3a Special firefighting procedures: caution when fighting any chemical fire. Do not dispose of fire-fighting water in the environment. Do not enter fire area without proper protective equipment, including 5.3b Special protective equipment and precautions for firefighters: respiratory protection. Wear self-contained breathing appartus and protective suit (see Section 8). Section 6: Accidental release measures Personal precautions, protective equipment, and emergency procedures: 6.1a No specific emergency measures are required other than good General release measures: laboratory hygiene and safety practices for small spills. Wear suitable protective clothing, gloves and eye or face protection. Consult professional emergency personnel if concerned (see Section 8). 6.1b Advice for non-emergency personnel; personal No specific emergency measures are required other than good precautions, protective equipment and emergency laboratory hygiene and safety practices. Wear suitable protective procedures: clothing, gloves, eye, or face protection to avoid contact with skin, eyes, and personal clothing; use an approved supplied-air respirator, in case of emergency (also refer to Section 8). Ensure adequate ventilation and control mist. Avoid breathing vapors, mist, or spray. Evacuate personnel to safe areas. Wear suitable protective clothing. gloves and eye or face protection to prevent any contamination. Consult professional emergency personnel if concerned. 6.1c Advice for emergency responders; personal Wear suitable protective clothing, gloves and eye or face protection to precautions, protective equipment and emergency avoid contact; use an approved supplied-air respirator, in case of procedures: emergency (also refer to Section 8). 6.2 Environmental precautions: Do not allow to enter drains, sewers, or watercourses. May be harmful to the environment if large amounts are released. 6.3 Methods and materials for containment and clean Contain any spills with dikes or absorbent materials to prevent migration and entry into sewers or water sources. Use a licensed waste up: disposal contractor for disposal (see Section 13). Wash spill area thoroughly with plenty of soap and water. Avoid contact with skin or inhalation of spillage or vapor. 6.4 Reference to other Sections: Refer to Sections 8 and 13 for additional information. Section 7: Handling and storage Precautions for safe handling/Protective measures: Do not handle until all safety precautions have been read and 7.1 understood. Avoid creation of aerosols and mist. Avoid inhalation of vapors or mist. Prevent contact with skin and eves. Use appropriate personal protection equipment (PPE). Thoroughly wash hands and contaminated areas with water and soap before leaving the work site. Persons with a history of skin sensitization problems should not be employed in any process in which this product is used. 7.1a Prevent handling of incompatible substances or Avoid contact with strong acids and strong oxidizers. mixtures: 7.1b Advice on general occupational hygiene: Do not eat, drink, or smoke in work areas. Wash hands after use. Remove contaminated clothing and protective equipment before entering eating areas. Good personal hygiene is necessary. Follow good laboratory hygiene and safety practices. 7.2 Refer to product label. Store in a cool place. Keep the container tightly Conditions for safe storage, including any closed in a dry and well-ventilated place. Containers which are opened incompatibilities: must be carefully resealed to prevent leakage. Avoid spills and release into the environment; keep away from watercourses. 7.3 Specific end use(s): For research use only. Not for use in diagnostic procedures. Section 8: Exposure controls/personal protection 8.1 Control parameters: 8.1a Occupational exposure limits, such as chemical Not applicable. identity, standard, TWA-8 hours (time weighted average), STEL-15 minutes (short term exposure limit), etc.: WEL = Workplace Exposure Limit. Sk = can be absorbed through skin. 8.1b Appropriate engineering controls: 8.1c Individual protection measures, such as personal Wear gloves, protective goggles, and lab coat.

protective equipment:

HRP Goat anti-Human IgG Fc SDS; Doc: #F17-6291-3-B; Effective: 08/12/2020; Supersedes: F17-6291-3-A; Page 4 of 7

| 8.1d | Safety symbols: | -3-B; Effective: 08/12/2020; Supersedes: F17-6291-3-A; Page 4 of 7 |
|--------------|---|---|
| 8.2 | Exposure controls: | |
| 8.2a 8.2b | Process conditions: Engineering controls: | Provide eyewash station. Local exhaust ventilation is recommended for providing adequate |
| | | ventilation. Ensure that eyewash stations and safety showers are proximal to the workstation location. |
| 8.2c | Ventilation controls: | Provide adequate ventilation. |
| 8.2d 8.2e | Reference to other Sections: Eye/face protection: | Refer to Section 5 for additional information. Wear approved chemical safety goggles where eye exposure is reasonably probable or face shield if risk of splashing. |
| 8.2f | Skin protection: | Wear apron or protective clothing in case of contact. |
| 8.2g | Hand protection: | Use suitable protective gloves if risk of skin contact. |
| 8.2h | Respiratory equipment: | Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU). |
| 8.2i 8.2j | Other protection: Hygiene measures: | Wear appropriate clothing to avoid skin contact. DO NOT SMOKE IN WORK AREA! Wash at the end of each work shift |
| 0.2] | nygiene measures. | and before eating, smoking, and using the toilet. Promptly remove any clothing that becomes contaminated. Use appropriate skin cream to prevent drying of skin. When using do not eat, drink, or smoke. Wash promptly with soap and water if skin becomes contaminated. |
| 8.2k | Thermal hazards: | None known under normal conditions of use. |
| 8.21 | Environmental exposure controls: | Not determined. |
| 0 | o Blocked and delicated according | |
| 9.1 | n 9: Physical and chemical properties Information on basic physical and chemical properties: | |
| 9.1a | Appearance (physical state, color, etc.): | Liquid. |
| 9.1b | Odor: | No specific data. |
| 9.1c 9.1d | Odor threshold: pH: | Not determined. 7.2-7.6 |
| 9.1e | Melting point/freezing point (°C): | Not determined. |
| 9.1f | Initial boiling point and boiling range: | Not determined. |
| 9.1g | Flash point (°C): | Not determined. |
| 9.1h | Evaporation rate: | Not determined. |
| 9.1i | Flammability (solid, gas): | Not determined. |
| 9.1j | Upper/lower flammability or explosive limits: | Not determined. |
| 9.1k 9.1l | Vapor pressure: Vapor density (Air =1): | Not determined. Not determined. |
| 9.1m | Relative density: | Not determined. |
| 9.1n | Solubility(ies): | Soluble in water. |
| 9.10 | Partition coefficient (N-octanol/water): | Not determined. |
| 9.1p | Auto-ignition temperature (°C): | Not determined. |
| 9.1q | Decomposition temperature (°C): | Not determined. |
| 9.1r | Viscosity: | Not determined. |
| 9.1s | Explosive properties: | Not determined. |
| 9.1t 9.2 | Oxidizing properties: Other information: | Not determined. No additional information available. |
| 9.2a | Other information: Other physical or chemical parameters: | No additional information available. No additional information available. |
| | n 10: Stability and reactivity | additional information dynamics. |
| 10.1 | Reactivity: | No data available. |
| 10.2 | Chemical stability: | Stable under recommended handling and storage conditions (see Section 7). |
| 10.3 | Possibility of hazardous reactions: Conditions to avoid: | Not determined. To avoid product degradation, avoid exposure to high temperatures or direct sunlight or light. |
| 10.5 10.6 | Incompatible materials: Hazardous decomposition products: | Strong acids and bases. None under normal conditions. |
