#### Additional information

The data and advice relate to the concentrations not of the lyophilized powder, but of the prepared solution.

### Section 4 - First Aid Measures

**General information:** Consult a doctor if necessary and provide this SDS.

**After inhalation:** Supply fresh air; consult a doctor in case of complaints.

**After skin contact:** Remove contaminated clothing and shoes; rinse with plenty of water and soap and consult a doctor.

**After eye contact:** Rinse opened eye for at least 15 minutes under running water and consult a doctor.

**After ingestion:** Never give anything by mouth to an unconscious person. Do NOT induce vomiting.

**Most important symptoms or effects:** No available data.

### Section 5 – Fire Fighting Measures

**Suitable extinguishing agents:** Dry chemical, CO<sub>2</sub>, water spray or alcohol-resistant foam.

**Specific hazards due to combustion products:** Emits toxic fumes, carbon oxides, nitrous oxides (NO<sub>x</sub>), sulphur oxides. Do not breathe fumes.

**Protective equipment:** Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

## Section 6 – Accidental Release Measures

**Person-related safety precautions:** Wear self-contained breathing apparatus and appropriate PPE.

**Measures for environmental protections:** Do not allow to enter sewers / surface or ground water.
